THEY KNEW ON THE SAME LEVEL, and together they have dominated the jazz scene of the past 20 years. The evening of music for Ella Fitzgerald and Billie Holiday. There has been a lot of talk in the past few days in New York City about the fact that the two singers have been together during some of her last days. And if the fact is true, it is a sad one. The fact is that the two singers have been together during some of her last days. And if the fact is true, it is a sad one. The fact is that the two singers have been together during some of her last days. And if the fact is true, it is a sad one.

ELLA FITZGERALD AND BILLIE HOLIDAY AT NEWPORT

...and I believe that this is the first time...
...the fact is that the two singers have been together during some of her last days. And if the fact is true, it is a sad one. The fact is that the two singers have been together during some of her last days. And if the fact is true, it is a sad one.

...and I believe that this is the first time...
...the fact is that the two singers have been together during some of her last days. And if the fact is true, it is a sad one. The fact is that the two singers have been together during some of her last days. And if the fact is true, it is a sad one.
