

This box contains all four solo albums by Bill Wyman, the first Rolling Stone to release a solo record. The first two (from 1974 and 1976) were made the help of a galaxy of musical friends like Lowell George, Dr. John, Joe Walsh, Van Morrison, the Pointer Sisters, Danny Whitehead, Dottie Hayden, Leon Russell, Bob Welch and Andy Shephard. The anonymous third album was known as Bill's 1981 hit single "OK So To Tell 'em 'bout Me", while fourth album "Stuff" appeared in 1999.
