1978 Concert Set Among the Best Live Albums Ever Recorded

When you think about the great live albums, several immediately come to mind. The Who's Live at Leeds. James Brown's Live at the Apollo. The Allman Brothers Band's Live at Fillmore East. Nirvana's Unplugged. And, while it is sometimes unjustifiably forgotten, Little Feat's Waiting for Columbus.

The last essential album the rootsy California band made, it stands as the group's peak accomplishment—a staggering confluence of energetic performances, skilled improvisations, and thematic expansion. Joined onstage by the Tower of Power horn section, Little Feat accentuates and remakes familiar arrangements, using the stage as a laboratory for unbridled creativity, New Orleans-spiced fun, and spontaneous interaction.

Mobile Fidelity is proud to present Waiting for Columbus in the finest fidelity ever experienced so that you can get a clear sense of the virtuosic musical interplay. Strictly limited, this numbered edition 2LP

set will not last!
